### **Special Notes:**

- No course taken before the time it appears as a Liberal Arts Curriculum course in the Catalog may be used to satisfy the requirements of the Liberal Arts Curriculum.
- No course taken after the time it is removed from the eligibility list for the Liberal Arts Curriculum may be used to satisfy the requirements of the Liberal Arts Curriculum.
- UNC courses that have not been approved for inclusion in the Liberal Art Curriculum may not be substituted for courses that have been approved for inclusion in the Liberal Art Curriculum in the satisfaction of the requirements of the Liberal Arts Curriculum.
- Any course being transferred to UNC that has not already been designated as equivalent to any course approved for inclusion within the Liberal Arts Curriculum will be referred to a transfer specialist in the Office of the Registrar for review. If it is decided that the course is equivalent to an approved Liberal Arts Curriculum course, it will be designated as such for all students desiring to transfer it to UNC in the future.
- Regardless of a student's catalog year, any course taken at UNC after Summer 2006 may be used to satisfy a particular Liberal Arts Curriculum requirement if and only if it is listed as an approved Liberal Arts Curriculum course in the relevant area in the Catalog in effect at the time at which it was taken.
- In some cases, courses that fulfill a major requirement also fulfill a liberal arts curriculum requirement. Students should consult with their academic advisor to ensure they are taking advantage of these opportunities to double count a single course toward both LAC and major requirements.

### **Waiver of Liberal Arts Curriculum Requirements**

Individuals with an Associate of Arts, Associate of Science, or a bachelor's degree (regardless of date of completion) from a regionally accredited institution will have their Liberal Arts Curriculum requirements waived. Many UNC bachelor's degree programs require courses as part of their major that also have LAC status. Because they are requirements of the major, these courses cannot be waived by a previous AA, AS, or bachelor's degree, even though the student may already have completed the LAC with other coursework.

## Liberal Arts Curriculum Course Challenge Option

In accordance with [CCHS policy](#), students may request a challenge exam in lieu of an LAC course. Students interested in challenging a Liberal Arts Curriculum course should contact the appropriate program to inquire about the process.

## Guaranteed Transferability

Courses bearing the designation "gtP" have also been approved for inclusion in Colorado's Guaranteed Pathways (gtP). A grade of C- or better guarantees that the course will automatically transfer to any Colorado public institution and satisfy the same statewide general education category at that institution. For more information on the gtPathways program, please visit the [Colorado Department of Higher Education](#) website.

## Exploring the Liberal Arts Program

Students who choose to begin building their academic foundation prior to declaring a major are automatically enrolled in our "Exploring the Liberal Arts" Program. Administered by Soar, in collaboration with the Center for Career Readiness, this program provides students with professional advising that helps them discover their academic interests and aptitudes while exploring the rich and diverse course offerings in UNC's Liberal Arts Curriculum. Students emerge from their "exploring" experiences solidly grounded in an understanding of their path to academic success.
